- ◆ Consecrated Life - Religious Community Facts - Did you know?... Saint Procopius Abbey had its beginnings in the City of Chicago. The monks first settled in what was then the largest Czech parish in the nation, St. Procopius in the Pilsen neighborhood. In 1896, land was purchased in rural Lisle so that the monks could grow their schools, which made the move in 1901. The abbey officially transferred its address to Lisle in 1914.
- ◆ Word of Life - “Adopting Andrew has made us more aware of God’s power and of his love for us. We realize that he always has a perfect plan for our lives.” - “An Adoption Love Story,” 2014 Respect Life Program USCCB Secretariat of Pro-Life Activities.
- ◆ Stewardship - August 30, 2015 - Twenty-second Sunday in Ordinary Time - “Today’s Scripture passages express a common theme: God, through His commandments, guides us to live good and holy lives. Moses makes clear how blessed the ancient Israelites are to be called close to God as His people. In St. Mark’s Gospel, Jesus explains that following strict rituals may actually lead to disregarding the spirit of the commandments themselves. St. James expresses two important stewardship principles; First, all good gifts come from God and, second, good Christians welcome and are doers of His Word. Christian stewards acknowledge God’s abundant gifts and strive to embrace Christian stewardship as a way of life. We witness this through gratefully giving back to God the first fruits of our time, talent, and treasure to feeding and clothing those in need, sheltering the homeless, and visiting the sick, the elderly, and the incarcerated. These Corporal Works of Mercy put our faith into action for Christ.”
