"Everybody today seems to be in such a terrible rush, anxious for greater developments and greater riches and so on, so that children have very little time for their parents. Parents have very little time for each other, and in the home begins the disruption of peace in the world."
—St. Mother Teresa of Calcutta

Word of Life- "Married love differs from any other love in the world. By its nature, the love of husband and wife is so complete, so ordered to a lifetime of communion with God and each other, that it is open to creating a new human being they will love and care for together. ... That power to create a new life with God is at the heart of what spouses share with each other."
